CAPE MAY — Incumbent Mayor Ed Mahany made a point about sustainability and economic growth without challenge from his two main opponents on Monday night.

Mayor Ed Mahany said he’s working to develop a clear definition of sustainable economic growth, maintaining the most affordable community for residents and visitors, and creating a strong visitors’ guide for Cape May.

Mahany said that candidates should be allowed to address the ordinance stating, no dog shall be tethered or chained outside on a public street, unless the owner or person responsible for the animal is in the immediate area. The ordinance was introduced by Councilman Shaine Meier.

Shaine Meier said the issue of tethers and chaining of dogs is too important to be left out of the discussion. He said he believes that dogs should be able to run and play in public areas.

Three for lone council seat
