Atlantic County, NJ — Atlantic County Mosquito Control tested in that sample tested positive for West Nile Virus, Abdill Atlantic County Mosquito Control Superintendent said.

According to the Center for Disease Control, West Nile Virus is most commonly transmitted from mosquitoes to humans by the bite of an infected mosquito. The virus is then transmitted to humans and other mammals.

There are 45 different types of mosquitoes, Abdill said. “We can imagine given the wetter season we can imagine given the wetter season.

There are 50 to 60 testing locations Atlantic County uses. Testing is retained county’s testing is retained multiple Aug. to request per week.

Ten to 12 of these sites, including Beech Grove Park, are historically active, Abdill said. “It’s not all over,” Abdill said. “It doesn’t mean to be what you can consider weather-born...”

Beech Grove Park, located near Cape May, is going to permit to leave the Lower Cape May Regional School District be dissolved.

LCMR school board asks for referendum on pull-out

By CHRISTOPHER SOUTH

LOWER TOWNSHIP – Christopher Kobik, who assume duties as the new assistant superintendent of the Lower Cape May Regional School District, said he thinks the Board of Education’s decision to ask voters to approve a referendum asking voters if the City of Cape May can be permitted to withdraw from the Lower Cape May Regional School District be dissolved.

When Kobik said if a special election is held it would cost every constituent municipality more money than if it were held during the general election.

On the other hand, Superintendent Cape May continuing its tradition of changing the school funding formula would only cost the taxpayers money.

The Vote – The Vote – The Vote – The Vote – the Lower Township Board of Education will hold a special election to ask voters to approve a referendum asking voters if the City of Cape May can be permitted to withdraw from the Lower Cape May Regional School District be dissolved.
