Unparalleled harbor view on Yacht Avenue

CAPE MAY – If one is looking for a waterfront view in Cape May, there is hardly one more versatile and interesting than the view from the deck of 1534 Yacht Avenue.

Situated as it is, one can sit on the dock, which overlooks your own boat slip, and watch the sun set as it disappears behind the horizon. Or watch the U.S. Coast Guard cutters or the Lobster House fishing fleet going out for the night. If you're in the mood for a short walk away to buy fresh seafood, scallops or bringing them back – just a short walk or 20 mpg ride solved. Or watch the traffic on Beach Avenue.
