and transportation services seen all over the city — golf coursers, car-sharing options, and electric scooters. On Nov. 15, City Manager Jack Fisher asked the council whether there would be any opposition to the idea of creating an emergency fund for the city.

“Do you see any reason for the city to consider creating an emergency fund?” he asked. “Then this would be a great idea to promote the Fund for Cape May. It’s a good idea to think about what the Fund for Cape May has done in the past, and it’s going to be a good thing for the city.”

Sheanen objects to Promenade arch project

SATURDAY & SUNDAY: 11:00AM-3:00PM

July 14-15, the Fund for Cape May and the Cape May Fund will host an event to raise funds for the city’s Promenade.

The postcard from the collection shows the Promenade boardwalk circa 1910, when the boardwalk was known as the Boardwalk. The postcard was one of several made during the city’s Promenade restoration project.

City buys drone for public safety departments

City of Cape May Police Department partnered with AXXON AIR and Martin’s Foundation for Public Safety to develop the AXXON AIR drone system. The drone is designed to provide public safety services, such as medical emergencies, search and rescue, and public safety communications.

According to the news release, the drone is designed to be a multi-use unmanned aerial system. It is capable of carrying a variety of payloads, including medical supplies, food, and water. The drone can be operated by a pilot on the ground, or it can be flown autonomously.

City considers making builders manage drainage

Intention to cut nutrient flooding caused by construction projects
