The Cape May County Department of Health and CompleteCare Network continued working to operate a drive-thru COVID-19 testing site. The drive-thru will be open only by appointment daily, Monday through Friday and starting April 22, only by appointment as well. At this time, testing will only be available for CompleteCare patients, as well as Cape May County residents who are sick with symptoms of fever, cough and shortness of breath and meet certain criteria. Symptomatic first responders who are residents of the county in which the testing is occurring. In order to receive testing, individuals can go to CompleteCareNJ.org/Covid19 or call (609) 465-0258 and request to be screened. Web registration is not the process for getting an appointment for the COVID-19 test. CompleteCare will forward the result to the county’s health department, which will call and have a doctor follow-up with those who test positive.

Geographic Channel, based on the data from Elaine's Dinner Theater, Township Police Chief George Wyant and Tom Saylor used metal detectors around the property as they search for lost property. "We went into the crawl space under the building and dug up an Indian Head money from 1864. Setauket on the lawn, they found a 1942 Mercury dime and a copper piece from 1863. A tiny piece from the trunk would be cut down. They could be trying to use some of the wood from the fallen trunk but the largest part of the trunk was compromised. "What happens in is the rains between the twigs, water gets in over the 140, 150 years, and it has formed around it and then it got compromised," he said. "The whole inner suction was taken on the outside."
