Family Promise executive director led service agency to new heights

Editor's note: Laurie John, executive director of Family Promise of Cape May, May 29 following a battle with breast cancer.

Family Promise of Cape May was a champion of the community. She was a role model for families who were facing financial hardships, women who were raising children on her own, and those who were dealing with the loss of a loved one.

When invited to contribute this piece on John and her contributions, it was a privilege to work with her. She was so much a part of the fabric of the community. In my time with Johnson through her work, she was a true champion of the community. She was a role model for families who were facing financial hardships, women who were raising children on her own, and those who were dealing with the loss of a loved one.

John had a true passion for her work. She was a true champion of the community. She was a role model for families who were facing financial hardships, women who were raising children on her own, and those who were dealing with the loss of a loved one.

But the community lost a true champion of the community. She was a role model for families who were facing financial hardships, women who were raising children on her own, and those who were dealing with the loss of a loved one.
