NORTH CAPE MAY — The Cape May-Lewes Ferry has partnered with Avis Budget Group to operate car rental locations at the Cape May and Lewes, Del., ferry terminals.

Avis and Budget rental locations will serve ferry customers and the neighboring community. The service began Aug. 30.

The rental car service counter is inside the Cape May terminal to the left in the main terminal entrance. In Lewes, it’s adjacent to the terminal sliding doors from the parking lot.

In addition to the counter, the Cape May site has 10 parking spaces adjacent to each terminal building reserved for vehicles ready for customer rental and 25 parking spaces in the general parking area for additional inventory. Signs at these spots indicate they are for rental vehicles only.

Reservations can be made by calling (800) 352-7900 or online at aviauto.com and budget.com. Call to speak to a team member or schedule an appointment.

Cape May-Lewes Ferry adds car rentals

The Thomas & Claire Brodessner, Jr. Cancer Center at Cape Region has a broadened relationship with the Penn Cancer Network which allows us to offer the highest-quality cancer care right here in our community.

This collaboration means our patients will have access to:

• Individualized treatment plans provided on-site by Penn Medicine Radiation Oncologists
• Through this new alliance, all radiation oncology treatment plans will be reviewed by a multidisciplinary panel of Penn Medicine’s radiation oncology experts
• Patient navigation services for coordination of care between Penn Medicine and local physicians
• Access to Penn Medicine’s state-of-the-art clinical trials, breakthrough therapies and advanced treatments
• Access to the most advanced radiation therapy and cancer treatments available
