I am the President of the USCG, a Class Three member of the Planning Board.

In December, the U.S. has a hard time paying its bills and sending a battle group through the Suez Canal. I hope we all have a healthy and safe year ahead.

My name is Jack Fichter, and I’m the Beach Unit Commander. This month’s article will discuss our role as a crystal-clear example of how to handle the situation in a way that protects everyone’s safety and well-being.

The USCG is responsible for ensuring the health, safety, and well-being of every medically cleared recruit going through boot camp, as well as all other recruits who have the opportunity to be trained in a safe and efficient manner.
