CAPE MAY — City Council approved 2 percent annual raises Monday for four upper-management employees covered by United Auto Workers (UAW) collective bargaining agreements.

The raises cover four years retroactive to 2013. According to City Manager Bob Sforza, Local 523 represents four groups of management employees who have not been unionized but have been represented by the county Prosecutor’s Office. Gelzunas said there was concern the MUA misappropriated funds by using public money for a public relations campaign.

The new UAW contract covers the city’s construction official, Public Works superintendent, Water/Sewer Manager, and fire inspector. The new contract carries a continuation of employee contributions toward health benefits.

The new VAW contract covers the city’s construction official, Public Works superintendent, Water/Sewer Manager, and fire inspector. The new contract carries a continuation of employee contributions toward health benefits.
