Cape May Star and Wave
CAPE MAY — An additional area of contamination has been found at the wetlands behind the town’s historic beachfront, according to Frank McLoughlin, health enforcement contractor for the project, said the remaining work would be a very limited excavation.

Larespink said he has spoken with Cape City Elementary School about the additional work.

Cape May OKs $2.7 million in capital projects, spending for the beach utility, water and sewer utility and general improvements.

In addition, council authorized the issuance of $769,000 in bonds for the wa-

software and $230,000 for public safety

$149,000 office furniture, computers, capital budget typically ranged from $1.5

million with $1.6 million of the appro-

the beachfront.

Young said $100,000 was earmarked for
