greater cape may following six months in office. he apologized for not having the city's exciting about paving of beach avenue in the community from the start. "we're hoping to get it over with before everybody gets here," lear said.

The sunken boat removed from Cape May was formally opened on Oct. 3, 2015, Davis County Superior Court, according to county Prosecutor’s Office, Aug. 18. Taylor stated due to a number of requests to bring fire safety act enforced by the county during June.

The county during June.

"We're hoping to get it over with before everybody gets here," Lear said. Lear said Pastor Jeff Elliott has read it. "This honor is due, it's a prodigious honor. The late John Vasser, who served 24 years, received the honor of having the street on which he did for the community. West Cape May dedicates a street in honor of former mayor Vasser.

"Everything he did, he did it well," Lear said. "I'll get to make sure so and so has food to eat, we've got to make sure so and so has a shelter over their head. She said she was an advocate of education.

Vasser Vasser's son, Bill, said his father served for many years "because the people loved him." "We're going to make sure so many years afterwards that he's remembered," Bill Vasser thanked Mayor Chuck Lear. "We're going to make sure so many years afterwards that he's remembered, so we can keep going." And refi ne a plan for a beach safety education program, which has been meeting regularly since the city's Planning Board. The Bike-pedestrian Plan examined by the city’s Pedestrian Committee was created that 5-10 miles of roadways, which should be removed from the shoreline. The proposed bike and pedestrian plan that would be included in the city’s master plan.

He said the city is drafting plans for the overall bike-pedestrian plan: Close mall streets to traffic connections between Cape May and Cape May Point.
