VILLAS — Cape Assist and the Lower Township Healthy Youth Coalition held a substance-abuse meeting Saturday on the YMCA stage. It was the second such meeting held by the coalition.

But Cape May residents need to learn to build up a young person’s confidence.

Both men were arrested for charges unrelated to desecration of a human body. Mosley was indicted and arrested on Feb. 18.

Potent pot, hard liquor exacerbate addictions

Healthy Youth Coalition, Cape Assist hold second substance-abuse meeting

Cape May Courthouse — An exhaustive investigation conducted by members of the Cape May County Prosecutor’s Office in conjunction with the Cape May Township police, led to the ar-
rest and indictment of Deryck Powers, 23, and Charles Mosley, 33, both of Rio Grande, in the murder of Erma resident Nicole Angstadt.

Cape May County Prosecu-
tor Robert J. Taylor, Middle Township Police Chief Chris-
opher Learner and Lower Township Police Chief Wil-
liam Mastrians announced on Wednesday, June 28, the indictment of Powers and Mosley.

Powers was indicted and charged with murder, robbery, conspiracy toisse the construction.

The mayor and Rotary Park Council decided to trim ahead with the plans drafted by Temple U. (University) again, the Shade Tree Commission vocalized our objec-
tions to the trimming. It was pointed out that the trees provide the shading, under-
neath security and shade cannot be replaced. We believe the few remaining mature trees in the park have been greatly compro-
mised due to the construction.

Cape May — The mayor’s Shade Tree Commission informed the council last week about the concerns of residents and visitors of the number of trees cut down in the refurbishment of Rotary Park.

The statement read, “To Cape May residents and visitors, in response to negative feedback voiced by you, our residents and visitors, we the Shade Tree Commission wish to comment on the current situation of Rotary Park.

Some time in the spring of 2015, several consultations to make sure the tree pruning was safe for the community. At that time, the Shade Tree Commission drafted a letter to the mayor and council stating that we sincerely opposed the removal of the mature trees in the park. In a letter from Jay Stiles, chairman of the Shade Tree Commission, to the management and mayor and council, the commission expressed its concern about the removal of the mature trees, stating that the removal of these trees would compromise the integrity of the park.

The mayor and Rotary Park Council decided to trim ahead with the plans drafted by Temple U. (University) again, the Shade Tree Commission vocalized our objections to the trimming. It was pointed out that the trees provide the shading, underneath security and shade cannot be replaced. We believe the few remaining mature trees in the park have been greatly compromised due to the construction.
