BEST GLUTEN FREE MENU AT THE SHORE!

1200 RT. 109 SOUTH CAPE MAY, N.J. 08204-B163 (216)

THIN CRUST BRICK OVEN PIZZA

COLD STUFFED with a full range of views and interviews, "The Lazarus Effect" engages and challenges the viewer in ways that are both humorous and profoundly moving. Our exclusive interviews with the stars of "The Lazarus Effect," including James Wan, bring you inside the world of this electrifying film. From their thoughts on the story's themes to behind-the-scenes glimpses of the production, these interviews offer a unique perspective on one of the year's most anticipated movies.

The Cape May Regional High School advanced art students will present the show, "Who's 1st?!" a collection of artwork, at the Village Hall of the Cape May County Library for the month of March.

The exhibit showcases the first step in an understanding that will become an interdisciplinary project combining humanities and literature.

Philip Maker, a senior in the art program, says that his piece is a personal look at a story shared with his family.

Once the visual product is complete, the students are working with the students to create a "memory collection," using various materials and fibers.

The final step in the process comes from February, when the students will present the collection to the public at the Cape May County Library.

Making it all possible is the Cape May County Library Foundation, which has sponsored the project through the donation of a grant.

The exhibit will be open to the public throughout the month of March.
